Salman Junaed Islam

MERN DEVELOPER

RESUME OBJECTIVE

To obtain a job as Software Engineer & developer where my Technology knowledge will benefit support my employment. I believe that my development skills help me to work as a team member and also any individual projects. to be responsible and committed enough to finish the given projects and prioritize the tasks properly. Trust-building and conscientious attitude is my source of inspiration at work. I always believe in team work which I think is the best way of being successful not only in the professional world but also in individual's life. However, My ideology is "Live simple, Work hard & be Patient".

EXPERIENCE

- Passionate fresher in MERN development, adept at Tailwind, MongoDB, Express.js, React, and Node.js. Skilled in crafting scalable applications, leveraging each MERN component intricately. Eager to apply technical prowess, problem-solving, and collaborative spirit forged through an immersive learning journey.

Projects

I have some project USING React, Tailwind, MOngoDB, NodeJs
